Above all, use common sense when utilizing the Chromebook and be careful with it. While the Chromebook is a useful learning tool, it is expensive, so care must be executed when using it. Failure to use or the misuse of the Chromebook may result in a loss of privileges.

New for 2021-2022: If a student loses the Power Cord for their Chromebook, there will be a \$15 fee charged for every power cord lost. As in the past, if a Chromebook is damaged beyond repair, there will be a \$250 replacement cost. Any damage to devices that require the device to be sent in for a repair will be reviewed and charges will be pending on the repair cost.

I understand the guidelines established and agree that if loss or damage occurs while the Chromebook is checked out to me, I may be held responsible for repair/replacement costs.
