

**Emergency Nursing Services
Board of Education
Wrightstown Community School District**

To provide for the safety, health, and wellness of students, the Wrightstown Community School District shall provide emergency nursing services in accordance with state law, and District policies and procedures. The objective of emergency nursing services is the maintenance of the physical, mental and emotional health of the students while they are at school or participating in school sponsored activities.

In order to provide emergency nursing services the Wrightstown Community School District shall:

- have an emergency nursing service program under the direction of the Director of Student Services.
- employ or contract a School Nurse currently licensed in the State of Wisconsin for the purpose of directing and providing emergency nursing services.
- employ certified nursing assistants or certified medical assistants for the purpose of rendering first aid or implementing emergency nursing services in the absence of the school nurse.
- retain a qualified physician to serve as Medical Advisor.
- in conjunction with the Medical Advisor and/or representatives from community health agencies, annually review policies and procedures, and first aid standing orders/protocols pertaining to the Emergency Nursing Services Program.
- make available emergency student information, first aid supplies, and appropriate and accessible space for the rendering of emergency nursing services.
- have emergency services available during the school day and during all school-sponsored activities, including summer school, field trips, and athletic events or extra-curricular activities.
