

*Custom Stone Fabrication
Natural Stone and Cultured Products*

Job Description – Production Worker

Company Overview

Precision Cut Stone is looking for driven, hardworking, and dependable full-time Production Workers to join our team in De Pere, WI! We are a locally-owned, custom stone fabricating shop, with a focus on quality, service and excellence for our customers.

Job Responsibilities:

Performing finishing processes on stone products including rock facing, sawing, and sanding per customer specifications

- Safely handling and moving finished customer products to designated locations, using material moving equipment
- Loading outbound trucks with customers' finished products
- Receiving and unloading inbound trucks containing raw material
- Other duties as assigned

Qualifications:

- High school diploma or equivalent
- Basic math skills
- Proficiency in reading a tape measure
- Good verbal and written communication skills
- Ability to work independently and as a team, in a fast-paced environment
- Ability to lift 50 to 100 lbs
- Manufacturing experience preferred, but not required
- Forklift experience or certification preferred, but not required
- Language: English (preferred)

Benefits:

Precision Cut Stone offers competitive benefits for all of its team members.

- Competitive pay. Starting rate around \$18/hour, commensurate with experience
- 401K with employer contribution – full time positions
- Paid vacation and paid holidays – full time positions
- End of year bonus potential
- Typical full time schedule is Monday to Friday, 45-50 hour work weeks
- Flexible part time schedules also available!

To apply, please contact Andy or Kim Scray at 920-347-9222 or send resume to kim@precisioncutstone.com.
