

Want to prepare your child for 4K? Join us for these fun events...

Future 4Ker' Play Days

Students that are registered for 4K for the 2025-2026 school year are invited to learn more about school and become more comfortable with this new transition. They will meet future classmates, 4K teachers, and staff; while engaging in fun, educational activities.

'Future 4Ker' Play Days:

- *May 16th: 9:00 - 10:00 am in the 4K classroom*

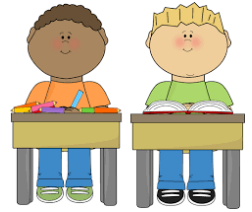

Mark Your Calendar

- **June 4th & 5th Screener Days**
 - We will be holding 30 minute 4K screenings for all incoming 4K students for next school year.
 - In May, a sign up for a date and time for your child to attend will be emailed to you. Please choose a time that works best for your schedule.
- **4K Park Playdate: August 11th ~ 3:30-4:30 p.m.**
 - The play day will be located at the elementary school playground
 - Students can meet their teacher and future classmates during outdoor play
- **4K Parent Information Meeting: August 14th ~ 5:30-6:30 p.m.**
 - Parents will receive 4K program info & student folder (NO STUDENTS at this meeting)
- **Elementary School Open House: August 19th**
 - more information to come
- **'4K Here I Come' Summer School: August 25th - 28th (Mon - Thurs)**
 - Summer School will take place at Wrightstown Elementary School in the 4K classroom
 - Students will get to know school routines, teachers, and classmates

Is Your Child Ready For 4K?

Here are some things to consider before enrolling your child in 4K. Can your child do these things?

4K I Can Statement:

- I can use the bathroom independently.
- I can dress and undress myself with a few reminders and minimal help.
- I can eat using silverware and drink from an open cup.
- I can follow one-step directions.
- I can respond when my name is said.
- I can attend during large group situations.
- I can actively listen to a story with other children near me.
- I can play successfully with or around other children.
- I can tell you my first and last name.
- I can use scissors to cut on a line.
- I can use pencils, markers, and crayons independently.
- I can talk about letters and numbers.
- I can identify my name in writing.
- I can use my words to let a teacher/adult know I need help.
- I can rest for about 20 minutes and be ready to learn after.
- I can maintain play with a 'non technology toy' for 5 minutes

Before 4K there are some options in the Wrightstown Community for your child to develop skills they will need in 4K.

- Library hours and classes
- Community 3K programs
- Structured environments such as group classes, organized sports, etc.

A Note From Our Principal

Wrightstown Elementary School has a fantastic 4K program that offers learning opportunities through play and instruction in math, reading and writing. The program is not intended to be repeated for students that are younger in age. If your child has a late summer birthdate it might be beneficial to evaluate their readiness. If you have any questions on whether or not your child is ready to start 4K please reach out to Sarah Nelson, WES Principal, at nelson@wrightstown.k12.wi.us or 920-532-4818
