P.O. Box 128, 450 School Street, Wrightstown WI 54180

Dear Parent,

We are about to begin instruction in our Human Growth and Development Unit in 7th Grade Health Class. The lessons we will be covering have been reviewed by a community advisory committee composed of parents, teachers, school administrators, students, health care professionals, clergy and community members and have been approved by our Board of Education. We welcome you to review the lessons by calling the school and setting up an appointment to talk with your child's teacher or principal. We want to support your role as the main educator of your child about Human Growth and Development.

Parents have the right to remove their child from this curriculum or specific parts of the curriculum. This document gives you the opportunity to do so.

Listed below are topics and lessons that will be taught. These will build off what your child learned in 5th grade and provide a foundation for their High School Health Class. If you would like to opt your child out during any of these lessons, please check the box next to the topic below. You may return this to the health teacher by sending it to school with your child or mailing it to the school office. We must receive this back by \_\_\_\_\_ or your child will be included in the learning opportunities.

- Dating Rights/Responsibilities
- Puberty
- Body Image/Hygiene
- Male/Female Anatomy
- Menstrual Cycle
- Online Safety

We look forward to working with you this year.

Sincerely,

Aaron Schaefer - Health Education Instructor  
Robert Caelwaerts - WMS Principal

I would like my child (name) \_\_\_\_\_ to be pulled out of the topics that are checked above.

Please print your name \_\_\_\_\_

Signature \_\_\_\_\_ Date \_\_\_\_\_
