

**Advisor:** Jessica Johnson

WMS Art Club meets approximately every other Thursday after school from 3:30-4:15. Art Club is an opportunity for students to create additional art projects beyond what they create in required art courses. Students in Art Club are also made aware of art contests held throughout the year and can get help to enter any contests they wish to participate in. Any middle school student is welcome to join and may join at any time throughout the school year. Students also may take an extended break from Art Club if other extracurricular or sport seasons get in the way.
