

FBLA

Advisors:

Ali Van Remortel

The middle-school FBLA club focuses on exploring business fields, topics of discussion, and then competing in events. Any 7th or 8th grade student is able to join FBLA and can compete in regionals! If students do well in their event at competition they may also move on to the state competition and then nationals held in the summer!

Meetings are held on Wednesday before school (7:45am) once a month. Middle School FBLA will then lead right into the High school Chapter as they make their way across the street!
