FLFL

Future Leaders Football League

Welcome to the Future Leaders Football League. This league was created by the Varsity Coaches of the member schools to be a development league, dedicated to teaching the youth of our communities the fundamentals and proper techniques of tackle football. It is our goal to develop physical fitness, sportsmanship, teamwork, and leadership skills in a positive and safe environment for ALL players. As with any new league, there are bound to be some hiccups as we get going. However, the teams that are included in this league have very similar interests and approaches to building their youth programs, and are aligned on what the goals for this league are:

Provide a positive, fun-filled experience.
Teach the participants the skills, rules, strategy and discipline of football and encourage good sportsmanship, self-confidence and teamwork.
Promote healthy and safe physical activity for all participants.
Build character by offering a team experience, regardless of individual ability, stressing skill development and a positive attitude regardless of winning or losing.
Provide opportunities for *earned* playing time for all participants as much as possible.

In order to achieve these goals, the league has outlined its philosophy as follows:

We exist for the benefit of ALL kids. Not for the coaches, parents, or a select group of kids.
Each player will have a starting position on offense or defense for at least 1 game, and will have the opportunity to participate in at least 25% of every game. Equal opportunity does not mean equal playing time. Playing time will be the decision of the teams coaches, but should be at a minimum 25% of the game. Circumstances such as missed practice time, disrespect of officials, teammates, coaches, or other disciplinary reasons can change this. Talent level is not one of these reasons.
Schools that have multiple teams per grade level, will form equal teams to the best of their abilities. There will be no A/B teams, or all-star teams.

FLFL is truly created for teaching the game and its fundamentals while keeping the focus on growing the kids and growing the NUMBER of kids who participate. If you have any questions, please reach out to your schools middle school football director:
