RE: STUDENT AL A CARTE BLOCKS

The Wrightstown Community School District Food Service Department utilizes an electronic meal tracking system. All students at the Wrightstown Middle School and the Wrightstown High School use their food service accounts to purchase breakfast and lunch meals as well as a la carte items.

The form below can be used for families who would like to block their students from purchasing a la carte items with their meal accounts. Please discuss this decision with your child/children so they understand when a block is in place the al a carte items will be taken away on the service line if they attempt to purchase them on the family account, they may pay for these items with cash if they desire. Parents/Guardians are encouraged to talk with students about the proper use of their meal accounts. Parents/Guardians may access a copy of account activity at any time through the on-line parent access.

The Food Service Department utilizes household accounts. This form will allow you to block all students in a family or select specific students to be blocked from a la carte purchases.

Please Note: Students receiving free lunch may not charge a la carte items on their food account unless the lunch account has available funds.

ALL PARENTS WISHING TO BLOCK THESE PURCHASES MUST RETURN THIS FORM TO THE DIRECTOR OF FOOD SERVICE. ALL BLOCKS REMAIN IN EFFECT UNTIL THE PARENT/GUARDIAN REQUESTS IN WRITING TO THE FOOD SERVICE DIRECTOR THAT THE BLOCK BE REMOVED.

I understand that blocking a la carte includes purchases such items as additional milk, juice, fruits, snacks, and /or additional entrees. I also understand that this block applies to account purchases **IT DOES NOT PROHIBIT STUDENTS FROM PURCHASING A LA CARTE ITEMS WITH CASH.**
